

Checkerboard Flooring  
by Irene Rhodes

1. Place your piece of  $4 \frac{1}{4} \times 5 \frac{1}{2}$  cardstock onto the middle rectangle.
2. Use your ruler and place it on line number 1, draw your line.
3. Repeat this for lines 2 through 5.
4. Line your ruler up from the top of line A to the bottom of line A. Draw your line from the top of your floor (line 1) to the bottom of the cardstock.
5. Repeat this for lines B through J.
6. Color in every other tile to make your Checkerboard Flooring

Variations: For wood flooring, Draw line 1 and lines A through J only. Use a ruler and stagger your other horizontal lines to look like planks of wood. Stamp with a woodgrain background.

Add faux nails with a dark marker if desired
